

Assignments and Drills

Assignment 15.01

The objective of this assignment is creation and proper voice leading of Neapolitan sixth chords.

Instructions: Provide Neapolitan sixth chords on the grand staff in chorale style. Resolve each one directly to the dominant. All keys are minor. Remember that Neapolitan sixths have the bass note (the third of the chord) doubled. Be especially careful to avoid writing melodic A2s and A4s. The first one is done for you. REFER BACK TO EXAMPLES 15.01 AND 15.03 IF NECESSARY.

The objective of this assignment is identification of Neapolitan sixth chords.

Instructions: Provide harmonic analysis for each excerpt below. REFER BACK TO EXAMPLES 15.01—15.09 IF NECESSARY.

Die Liebe hat gelogen D. 751, Opus 23, No. 1, measures 1-4. Franz Schubert, 1822. Public Domain.

Die Lie-be hat ge-lo-gen, die Sor-ge la - stet schwer, _

Der Müller und der Bach D. 795, Opus 25, No. 19, measures 1-10. Franz Schubert, 1823. Public Domain.

Wo ein treu - es Her - ze in Lie - b be ver -

geht, da wel - ken die Li - - - lein auf je - dem Beet.

The objective of this assignment is identification of Neapolitan sixth chords.

Instructions: Provide harmonic analysis for the excerpt below. REFER BACK TO EXAMPLES 15.01—15.09 IF NECESSARY.

Piano Concerto No. 23 K. 488, second movement, andante (F# Minor), measures 1-11, piano score only.
Wolfgang Amadeus Mozart, 1786. Public Domain.

The image displays a piano score for the second movement of Wolfgang Amadeus Mozart's Piano Concerto No. 23, K. 488. The music is in F# minor, 6/8 time, and marked *mp* (mezzo-piano). The score is presented in three systems, each with a grand staff (treble and bass clefs). The first system covers measures 1-4, the second system covers measures 5-8, and the third system covers measures 9-11. The key signature is two sharps (F# and C#). The tempo is *andante*. The score includes various musical notations such as eighth notes, quarter notes, half notes, and rests, as well as dynamic markings and articulation marks.

The objective of this assignment is identification of Neapolitan sixth chords.

Instructions: Provide harmonic analysis for the excerpt below. REFER BACK TO EXAMPLES 15.01—15.09 IF NECESSARY.

Ballade No. 1 in G Minor Opus 23, measures 1-15. Frédéric Chopin, 1836. Public Domain.

The musical score for Ballade No. 1 in G Minor, measures 1-15, is presented in four systems. The key signature is G minor (two flats). The time signature is 3/4.

- Measures 1-4:** Marked **Largo** and **pesante**. The tempo is slow and heavy. The music features a series of chords and moving lines in both hands. Dynamics include **f** (forte) and **dim.** (diminuendo). Fingerings are indicated by numbers 2, 3, and 4.
- Measures 5-15:** Marked **Moderato**. The tempo is moderate. The music continues with various chords and moving lines. Dynamics include **p** (piano). Fingerings are indicated by numbers 3, 6, 7, and 9.
- Measures 10-15:** Neapolitan sixth chords are indicated by **Leo.** and asterisks (*) in the bass line.

The objective of this assignment is identification of altered dominants.

Instructions: Provide harmonic analysis for each excerpt below. REFER BACK TO EXAMPLES 15.10—15.15 IF NECESSARY.

Erk König D.328. Franz Schubert, 1815, measures 66-72. Public Domain.

The objective of this assignment is identification of altered chords.

Instructions: Provide harmonic analysis for the excerpt below. REFER BACK TO EXAMPLE 15.12 IF NECESSARY.

O Holy Night

Measures 16-23. Lyrics by Placide Cappeau, 1847, translated by John Sullivan Dwight, 1855; music by Adolphe-Charles Adam, 1847. Public Domain. This arr. © 2010, Brian Dunbar. Tune name: Cantique De Noel.

Fall _____ on your knees, _____ O hear _____ the an - gel

19 voi - ces! _____ O night _____ d - vine, _____ O

22 night _____ when Christ was born! _____ O

The objective of this assignment is identification of expanded dominants.

Instructions: Provide harmonic analysis for each excerpt below. REFER BACK TO EXAMPLES 15.01—15.09 IF NECESSARY.

Artist's Life Waltz *Opus 316, No. 3. Johann Strauss II, 1867. Measures 1-8. Public Domain.*

Measures 1-8 of 'Artist's Life Waltz' by Johann Strauss II. The score is in 3/4 time, key of B-flat major. The first system contains measures 1-4, and the second system contains measures 5-8. The music features a waltz rhythm with a prominent bass line and a melody in the treble. Measure numbers 1 through 8 are indicated above the staff.

Grandmother's Minuet *Opus 68, No. 2, measures 1-4. Edvard Grieg, circa 1905. Public Domain.*

Measures 1-4 of 'Grandmother's Minuet' by Edvard Grieg. The score is in 3/4 time, key of D major. The first system contains measures 1-4. The music features a minuet rhythm with a prominent bass line and a melody in the treble. Measure numbers 1 through 4 are indicated above the staff. The first measure is marked with *pp* (pianissimo).

Assignment 15.11

The objective of this assignment is proper roman numeral identification of diatonic and chromatic chords.

Instructions: Fill in the blanks in the chart below. Only refer back to example 15.19 to check your work when finished.

Key of C	C	C#/D $\flat$	D	D#/E $\flat$	E	F	F#/G $\flat$	G	G#/A $\flat$	A	A#/B $\flat$	B
DIATONIC TRIADS												
NATURAL MINOR DIATONIC TRIADS												
HARMONIC MINOR DIATONIC TRIADS												
SECONDARY DOMINANTS

BORROWED CHORDS AND THEIR TONICIZERS												
AUGMENTED SIXTH CHORDS												
NEAPOLITAN CHORDS												
ALTERED DOMINANTS												
EXPANDED DOMINANTS												

Questions for Review

1. What is a Neapolitan chord?
2. Why is it usually referred to as a Neapolitan “sixth” chord?
3. Why do some theorists refer to the Neapolitan as a Phrygian II ($\flat$ II)?
4. Why does the resolution of Neapolitan-to-dominant create such an unusual aural effect, when it is simply a modified circle progression?
5. What are three techniques established by composers to “smooth out” the resolution from Neapolitan to dominant?
6. When the Neapolitan progresses immediately to V/V, how does each voice progress? (If you are having trouble with this question, spell a Neapolitan in root position; then spell a root-position V/V.) Brainstorm how the dilemma posed by this situation can be avoided.
7. What happens if Neapolitan chords appear frequently in a musical composition?
8. In what way are dominant chords *chromatically* altered to increase their activity toward tonic?
9. In what two ways are dominant chords diatonically altered to intensify their activity toward tonic?
10. To what type of chord does $\flat$ VI⁺ bear a similar function?
